Rashmi Tharaka Rashmitharaka1 Rashmi Tharaka

PROFILE

Ambitious and detail-oriented undergraduate aspiring to become a Project Manager, with hands-on experience coordinating Agile teams, planning sprints, and monitoring project deliverables across multiple academic and industry-related projects. Skilled in resource planning, workflow optimization, and performance tracking. Passionate about leading cross-functional teams, improving delivery efficiency, and ensuring successful project outcomes through structured communication and effective project governance.

EDUCATION

BSc. (Hons) in Computing and Information Systems, 2023 - Present
Sabaragamuwa University of Sri Lanka

G.C.E. (A/L) Examination in Physical Science Stream, 2018 - 2020
Siridhamma College

EXPERIENCE

Frontend Developer Intern
Gamage Recruiters (Pvt) Ltd Jan 2026 – Jul 2026

- Developed responsive and user-friendly web interfaces.
- Implemented UI components and integrated frontend applications with backend services.
- Debugged and resolved frontend issues to improve application functionality.
- Collaborated with Software Engineers, UI/UX Designers, Business Analysts, and QA teams.
- Participated in requirement discussions, testing, and software development activities.

PROJECTS

CircadiaLux - Smart healthcare lighting system, Group Project Feb 2025 - May 2025
An intelligent lighting system for healthcare environments, using IoT sensors and machine learning to deliver circadian rhythm-based, personalized lighting, enhancing patient recovery, improving sleep quality, and supporting staff well-being.

- My Contribution - Developed the UI/UX design and frontend in React.js, and implemented backend with Supabase, including secure authentication and role-based access.
- Technology stack - React.js, Tailwind CSS, Supabase, ESP32, Machine Learning

Student Enrollment & Degree Tracking System, Group Project Apr 2025 - Sep 2025
Developed a full-stack web application to streamline the graduate studies application and management process for students and administrators, enabling candidate profile management, online application submission, and real-time status tracking through a secure, user-friendly dashboard.

- My Contribution - Developed the UI/UX design and frontend using Laravel Blade and CSS.
- Technology Stack - Laravel, MySQL, Node.js.

Convo – Real-Time Chat Application, individual Sep 2025 - Present
Developed a full-stack real-time chat app using MERN and WebSocket technology. The application supports features like instant messaging, user presence, and chat room management.

- Technology Stack - React.js, Express.js, Node.js, MongoDB, Socket.io

WorkWise – Employee Management System, Individual July 2025 - Sep 2025
A user friendly employee management system that streamlines employee, department, attendance, and event management, providing an admin dashboard for tracking insights and enabling employees to access their details easily.

- Technology Stack - React.js, Bootstrap CSS, and Supabase

MentorMatchAI- Mentor Mentee Matching System, Individual Aug 2025 - Sep 2025
An AI-powered platform that matches learners with industry mentors, intelligently connecting them for more personalized and effective career guidance.

- Technology Stack - Streamlit, FastAPI, Supabase, AI embeddings (Sentence Transformers)

SKILLS

- **Project Management Tools**
  Jira, Trello, Microsoft Project, Notion, Confluence, Google Workspace, Microsoft 365
- **Project Management & Methodologies**
  Agile, Scrum, Kanban, SDLC, Requirements Engineering, Sprint Planning, Backlog Management
- **Data & Analysis**
  Power BI, Excel, KPI Tracking, Dashboards, Project Metrics
- **Technical Knowledge**
  Java, HTML, CSS, JavaScript, React.js, Node.js, Tailwind CSS, Laravel, REST APIs, MySQL, MongoDB,
- **Version Control**
  Git, GitHub

SOFT SKILLS

- Agile & Scrum
- Team Coordination
- Problem-Solving
- Decision Making
- Stakeholder Communication
- Time Management
- Risk Management
- Critical Thinking
- Leadership
- Adaptability
- Conflict Resolution
- Attention to Detail
